Company Name Shindo Electronics Co., Ltd.
Representative Director, Chairperson Noriyuki Tanaka

Minister of Ministry of Industry of Myanmar visited our TCP/COF production site

Mr. MOUNG MYINT, Minister for Ministry of Industry of Myanmar, visited our Naka factory in Mar 11, 2015.

Already as we have announced on November 6, 2014, we got the permission from the Myanmar Investment Commission. We and Myanmar local company established the manufacturing subsidiary of joint ventures (Shwe Ka Thar-Shindo Engineering Private Co., Ltd.), and we are currently preparing the new plant operation in Myanmar.

The Minister for Ministry of Industry had willing to want to see the actual TCP/COF production site. This time Japanese government has officially invited Minister for Ministry of Industry of Myanmar and officials. They have been visiting our Naka factory during this official visit to Japan.

They have visited the production process in the clean room and utility facilities placed in the outdoor which support the plant operation of factory. They expressed interest in the production lead time and specifications of utility facilities.

After visiting, Minister for Ministry of Industry praised our production process, and he told that he would support the new plant operation in Myanmar and development of manufacturing subsidiary.
